McLEOD'S**News from the
Fruit Department**

Last week we made our regular buying trip through the Okanagan Fruit country, and we believe, we have the finest lot of winter apples we have ever seen, only the choicest varieties and thoroughly tree ripened. A car of preserving fruits arrived Monday. This fruit was grown on young trees, and not picked until it was fully matured, and any person familiar with fruit growing will appreciate the vastly superior quality of tree ripened fruit. It is simply delicious. Ripe tomatoes that were ripened on the vines and shipped direct to us. They are the finest quality obtainable

**Military Service Act, 1917****Explanatory Announcement by the Minister of Justice**

THE MILITARY SERVICE ACT has received the assent of the Governor-General and is now part of the law of the land. It will be enforced accordingly, and the patriotism and good sense of the people can be relied upon to support it. Resistance to its enforcement, however, by word or act must and will be repressed, as resistance to any other law in force must be.

Reinforcements under the Military Service Act Immediately required

It is the intention of the Government immediately to exercise the power which the Act confers and to call out men for military service in order to provide reinforcements for the Canadian forces. This is necessary since the military authorities report that the reserves available or in light for reinforcement will shortly be exhausted unless this step be taken.

First call limited to men between 20 and 34 who were unmarried or widowers without children on July 6, 1917

The present call will be limited to men not in the schedule of exemption who were unmarried or widowers without children on July 6, 1917, are at least twenty years of age, and were born on or since January 1st, 1883. Of this class all those will be entitled to conditional exemption whose services in their present occupations, agricultural, industrial or other, are essential in the national interest, and whose business or domestic responsibilities are such that serious hardship would ensue if their services be required. Conscientious scruples based upon a prohibition of conscription by the articles of faith of the religious denomination to which men belong will also be respected. The men first required to serve will consequently be those who can be called upon with the least disturbance of the economic and social life of the country.

Civil Tribunals to deal with exemptions

Questions of exemption will be determined, not by the military authorities or by the Government, but by civil tribunals composed of representative men who are familiar with local conditions in the communities in which they serve, who will generally have personal knowledge of the economic and family reasons which these cases come before them have had for not volunteering their services and who will be able sympathetically to estimate the weight and importance of such reasons. Provincial Appellate Tribunals constituted from the existing judiciary of the respective provinces will be provided to correct mistakes made by Local Tribunals, and a Central Appellate Tribunal for the whole of Canada, selected from among the present Judges of the Supreme Court of Canada, will be constituted in order that identical principles may be applied throughout the country. In this way every man may rest assured of the fair and full consideration of his circumstances and the national requirements both civil and military.

Proclamation will announce the day

A proclamation will issue calling out the bachelors and widowers referred to and fixing a day on or before which every man must report for service to the military authorities unless he has before that day made an application for exemption.

How to apply for exemption

Applications for exemption may be made by written notice on forms which will be available at every post office, and will be transmitted free of postage. They will not, however, be required to be made in this way, but may be presented by the applicants in person to the exemption tribunals. The cases of those who have given written notice in advance will take precedence, and appearance in person will therefore be likely to involve considerably more inconvenience and delay to the men concerned, so that it is recommended that advantage be generally taken of the facilities for written application.

Ottawa, September 11, 1917.

Exemption Tribunals in all parts of Canada

The local exemption tribunals will be constituted with the least delay possible, consistent with the selection of representative individuals to compose them, and the instruction of the members in their duties. There will be more than one thousand of such tribunals throughout Canada, each consisting of two members, one of whom will be nominated by a Joint Committee of Parliament and the other by one of the Judges of the existing Courts. Every effort will be made by the wide distribution of tribunals, and by provision where necessary for their sitting in more than one place, to minimize the inconvenience to which men will be put in obtaining the disposition of their cases.

A Registrar will be appointed in each Province, who will be named in the proclamation and to whom enquiries may be addressed. Each Provincial Registrar will transmit to the appropriate tribunal the applications for exemption which have been submitted in advance of the sittings, and men who have sent these in will not be required to attend the tribunals until notified to do so. Other applicants should attend personally on the tribunal without notice.

How to report for service

Men who do not desire to claim exemption will report to the military authorities for service either by mail or in person at any time after the issue of the proclamation. Forms of report by mail will be found in all post offices, and, like applications for exemption, will be transmitted free of postage.

Early report advantageous

No man who reports for service will, although he may be medically examined and passed as fit, be required to go into camp or join a battalion until after a day fixed by the proclamation sufficiently late to permit of the disposition by the local tribunals of most, if not all, of the applications for exemption which may come before them. Thus no advantage will be gained by delaying or disadvantage incurred by prompt report for service on the part of those who do not intend to apply for exemption.

Facilities for immediate medical examination

Immediately upon the issue of the proclamation, medical boards will sit at every mobilization centre for the examination of men who report for service or who, subject to their right within the time limited to apply for exemption, desire to have their physical fitness determined in order to allay any doubt as to their physical condition, or to know definitely and in advance whether there is a possibility of their services being required. Certificates of physical unfitness issued by these Medical Boards will be accepted without any further investigation by exemption tribunals when they sit. Men found physically fit who have not reported for service may nevertheless apply for exemption on any of the prescribed grounds, including even their physical condition if dissatisfied with the Medical Board's conclusion.

Notice to join the colors

As reinforcements are required, notice to report to the nearest mobilization centre will be given from time to time to the men found liable and passed as fit for service. Disobedience of such notice will render the offender liable to punishment, but punishment for failure to report for military service, or to report subsequently for duty when called upon, will be imposed ordinarily by the civil magistrates; offenders, however, will remain liable for the performance of their military duties notwithstanding any civil punishment which may be imposed and will be liable to military punishment in cases in which civil proceedings are not taken.

Watch for the Proclamation

Notice of the day appointed for the making of a claim for exemption or for report for military service will be published as widely as possible, but, as no personal notice can be given until the individuals called out have so reported themselves or claimed exemption, men possibly concerned are warned to inform themselves with regard to the day fixed, since neglect may involve the loss by them of important privileges and rights.

CHAS. J. DOHERTY,

Minister of Justice.

President Galbraith Resigns

One thing the "Liberal" convention held at Red Deer last Thursday succeeded in doing, was to cause the resignation of W. F. Galbraith, editor of the Red Deer Advocate, President of the Liberal Association for the Federal Constituency of Red Deer. Mr. Galbraith is a life-long Liberal, but would not stand for the resolutions upholding the doings of Frank Oliver and the Winnipeg convention. He is a strong supporter of Dr. Clark in that gentleman's endeavor to help along the war, irrespective of party politics.

The convention held at Red Deer last Thursday was the most glaringly packed political convention ever held in a district where packed political conventions have always been the order, and the fine work done by Frank Oliver during the past few weeks showed up very markedly. Some four or five anti-Laurier-Oliver Liberals were at the convention, but the odds were overwhelmingly against them.

W. F. Puffer, who represented Lacombe in the local legislature for some years, was the Laurier-Oliver nominee of the convention.

It is to be hoped that Dr. Clark will not consider the packed Red Deer meeting an expression of the feeling of the Liberals of this riding. Ninety-five delegates were present, which is a very, very small number in a constituency covering thirty thousand square miles of territory. Dr. Clark, if he will consent to stand as an independent win-the-war candidate, can sweep the Red Deer constituency by an overwhelming majority over any man the Laurier Liberals can put in the field. His manly, unselfish stand on matters concerning our boys on the firing line in Flanders, and his insistence that help be sent them, has strengthened him in the estimation of every loyal Canadian elector.

Importance of Canada's Effort

Ottawa, Sept. 29.—Figures up to August 31, 1917, show that 431,456 Canadians had enlisted in the Canadian Expeditionary Force. Canada is represented on many fields. From inland transport workers, of whom one thousand are Canadians and who, amongst other things, help to take supply barges up the rivers of the Far East, to aviators flying over the battle fronts, the North Sea and the Mediterranean, of whom upwards of 1,550 are Canadians, this country has contributed an important part of the Allied war effort.

As to the work woman is doing, it is interesting to note that 1,801 Canadian nurses have gone overseas in the Canadian Army Medical Corps service and 314 in Queen Alexandra's Imperial Military Nursing Service. This, of course, is apart from the enormous accomplishments of women's patriotic and social service societies all over the country.

Canada's strength as a belligerent nation is shown rather strikingly in the realm of finance. Whereas Great Britain has loaned millions to a number of Allied nations, she has received from Canada \$100,000,000 more than she has been asked to give.

Canadians returning from abroad report a widespread recognition in other countries of Canada's importance and value to the Allies as the final stages of the war seem to approach.

LADIES FESTIVAL ORCHESTRA

The Ladies' Festival Orchestra comes to the Dominion Chautauqua Festival after several seasons of repeated successes on large Eastern Chautauqua tours. The Company is composed of six charming and talented young ladies coached by the well-known Chicago musical critic, Louis O. Runner.

Their program is one of infinite variety; orchestral numbers, readings, songs, solos and costumed selections. It fairly radiates refinement and culture, so dainty and artistic is it throughout. There is something in these two programs of the first day for everyone, from the most musically critical to those who like a dash of syncretized time. Classical music is made interesting to all and popular music is given a new charm in the hands of these six captivating musicians.

We feel a pardonable pride in having secured the Ladies' Festival Orchestra for this town. Not always is it possible to secure such splendid artists, all rich in natural musical endowment, finished in culture and experience. We are eager for you to pass judgment upon them. Hear them on the opening afternoon and evening, and you will understand the reason for our enthusiasm. At Lacombe, Oct. 16-17-18.

The threshers are busy, and the reports being brought to town go to show that the yield is very satisfactory while the grade is good. Some new wheat has been brought to town and sold around the \$2 mark. The farmers are clubbing together and purchasing their own threshing outfits in many districts, indeed our implement dealers cannot meet the demand. This looks like good policy, at any rate it should shorten the threshing season considerably.

Farmers and threshers will save money by buying their beef and pork by the quarter or piece at A. Gilmour's.

Dr. Clarke Turned Down by Laurier-Oliver "Liberals"

Red Deer, Sept. 27.—The Liberals at Red Deer at the convention held here today, accepted the resignation of Dr. Clark, who declined to stand for renomination unless the convention favored a national government and that he be nominated on a non-partisan platform.

They nominated as their candidate William Franklin Puffer, of Lacombe, for 12 years provincial member for Lacombe, who was defeated at the recent provincial election. Other nominees were made, but all retired. They endorsed the resolutions passed at the Winnipeg convention without change, adding a special word of praise for the work done by Frank Oliver.

It was a cold turn down for Dr. Clark. As soon as he had finished speaking it was moved and seconded respectively by D. Gillis, of Olds, and C. V. Bennett, of Stettler, that his resignation as candidate be accepted. An amendment that Dr. Clark be asked to withdraw his resignation was moved by W. Ritson, of Brooksley, and seconded by A. H. Eckford, of Eckville. The amendment was lost by 90 votes to 5. No resolution of thanks of any sort was moved to Dr. Clark for his services to the constituency as its representative in the house of commons for close on a decade. Of commendation or of praise for their retiring member's record there was not an official word from the convention.

Hon. Frank Oliver came out flatly against Dr. Clark and told the convention it was time they selected a candidate who could represent the mind of the men who elected them. Dr. Clark, he said, had challenged the Liberal party and the Liberal leader, and for this reason he ought not to be selected again as standard bearer in Red Deer.

Mr. Oliver delved deeply into politics and went in detail into the alleged bargain of 1911 between the Nationalists and Conservatives.

The former minister of the interior then amazed his hearers with an attack on General Sir Arthur Currie, commanding the Canadians corps in France, and said he was the military correspondent of the government that had appointed him. He had made a poor list of taking Lens. The casualty had been very large and yet Lens had not been taken. "We do not want a political general to command our boys," said Mr. Oliver.

The turn of affairs is resented bitterly by a large number of Liberals, and it is said a schism in the party in Red Deer will result. It is expected a union convention of these Liberals and the Conservatives will be held, and that Dr. Clark will be urged to run as their candidate. It is felt that if he does so, his decision is certain.

The best evidence of the feeling aroused by the result of the convention is the fact that P. W. Galbraith, editor of the Red Deer Advocate, the local Liberal organ, immediately resigned from the presidency of the Red Deer Liberal association. Mr. Galbraith presided over the convention.

In one of the greatest speeches he ever made, Dr. Clark took the unalterable stand that if he entered the coming political fight at all it would be as a win the war candidate. Quoting Abraham Lincoln, he said "I am not bound to win, but I am bound to be true. I am not bound to succeed but I am bound to live up to what I believe. I must stand with anybody that stands right, stand with him while he is right, and part with him when he goes wrong."

On the question of war, Dr. Clark was absolutely uncompromising. He expressed the firm conviction that a union government would be formed, and he told his hearers that in such an event he would, if asked, consent to stand as a win-the-war candidate. He showed vigorously where he differed from Sir Wilfrid Laurier. "A Quebec led party cannot vigorously prosecute the war," he said, and he supported his contention by quoting the words of Sir Wilfrid Laurier on conscription, showing that the Liberal chieftain is unalterably opposed to it. Claiming that he was a more progressive and advanced Liberal than many who now criticized the government, he instanced his stand on the question of steel and iron bounties, the tariff, woman suffrage, war profits taxation and government ownership.

Dr. Michael Clark told the convention that there were two conditions on which he would withdraw his resignation: First, that the Liberal convention endorse a national government, and second, that he be nominated on a non-partisan platform. Failing this, he asked that his resignation, as set forth in his second letter, be accepted. Dr. Clark then made a strong speech, in which he defended his actions in the past and set forth his position at present. He said, in part:

"If this were my last appearance on a Liberal platform, which I hope it won't be, I do not think I could do better than what I am going to do, that is, show you that I justified myself before you who were my employers, because that is the view I take of being a member of parliament, that I am working for you who are my employers. I do not understand a Liberalism which does not merit a certain reasonable freedom of thought and action."

"I wish to say very sincerely that there must necessarily be a certain amount of agreement with the aims and objects of the party. But it should be enforced at war time less than at other times."

Defending the Canadian Northern bill, Dr. Clark said:

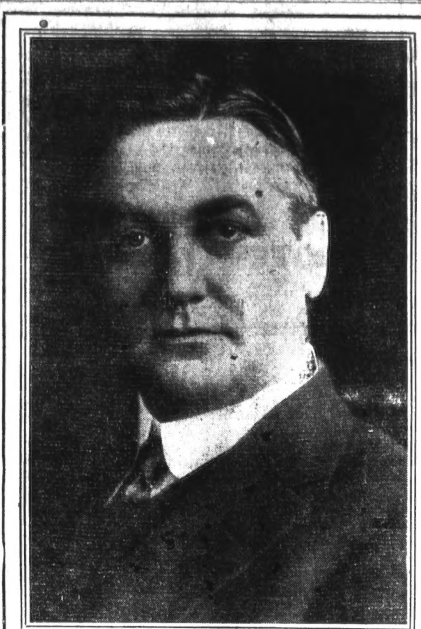

"You may not approve of government ownership. I have watched the railroads, and since confederation it is broadly true that the railroads of Canada have owned the politicians of Canada by owning the railroads. It is time the process was changed, and I supported the proposition on the ground that the people should own the politicians of Canada by owning the railroads of Canada."

"I want to make a straight statement. Rightly or wrongly, I have arrived at the opinion that I do not believe that a party led by the province of Quebec can prosecute this war to a satisfactory conclusion. I reiterate, with Quebec leading, Canada has shot her bow, and Canada is out of the war."

"I believe in a national government, and I believe an election fought on party lines will put the important issue of the war in the background. I have the best reasons for believing that a national government will be arranged before the election. If a non-partisan government is formed with the pure reason of prosecuting the war and I am invited to run, I will do so. I am out of the race on a partisan basis."

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life. If your work is tiring, if your nerves are excitable, if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions. It possesses a concentrated form of the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength. Scott's is strengthening thousands of mothers—and will help you. Try it. Scott & Bower, Toronto, Ont.

W. P. HINTON
New Vice-President and General Manager of the Grand Trunk Pacific Railway

By a circular issued by Mr. E. J. Chamberlain, President of the Grand Trunk Pacific Railway and Grand Trunk Railway System, Mr. W. P. Hinton becomes Vice-President and General Manager of the Grand Trunk Pacific Railway, succeeding Mr. Morley Donaldson, who has retired on account of ill-health.

William Pittman Hinton was born August 30th, 1871, at Ottawa, Ont., and was educated at Ottawa Collegiate Institute. He began railway work on May 2, 1892, in the Auditor's Department of the Canada Atlantic, and in September, 1894, became rate clerk in the traffic department. From March, 1896, to July, 1901, he was Assistant General Freight Agent, and then General Freight Agent, until his appointment in February, 1902, as General Freight and Passenger Agent of the same road. In October, 1905, when the Grand Trunk absorbed the Canada Atlantic he became General Agent in the passenger department of the Grand Trunk at Ottawa, Ont., in charge of immigration and transatlantic passenger traffic, remaining in that position until January 1, 1907, when he was appointed Assistant General Passenger Agent of the Grand Trunk at Montreal. On May 1, 1909, he was appointed General Passenger Agent of the Grand Trunk Pacific at Winnipeg, Man. On January 1, 1912, he was promoted to Assistant Passenger Traffic Manager of the lines with headquarters at Montreal, Que. In November, 1915, he returned to Winnipeg as Traffic Manager of the Grand Trunk Pacific, having charge of both freight and passenger traffic and was appointed at the same time to represent also the Canadian Government Railways with the title of Western Traffic Manager.

SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-TIVES"

ALBERT VARNER
Buckingham, Que., May 3rd, 1915.
For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-tives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-tives", and you will get well.

Anti-Conscriptionist Argument

One of the dodges of the anti-conscriptionists is to plead that Quebec has not done its share and that therefore the principle of compulsory military service should be applied first of all to that province, the others not being called upon until Quebec has furnished her full quota in proportion to the numbers already enlisted.

The argument has a specious appearance of fairness but will not stand examination. To begin with, the draft has no relation whatever to the provinces as such. It is entirely a matter for the individual. If he is a volunteer or if he is drafted, it is a matter which concerns himself and not the province where he resides. It may be claimed that the province is directly interested insofar as her industries are affected by the drain on population, but this aspect of the case has been amply provided for in the law which exempts those engaged in any necessary occupation.

But what is especially worth noting about this anti-conscriptionist attitude, is the manner in which it tries to utilize the prejudice existing against Quebec. In effect it asks the English-speaking provinces to vote for Laurier because the French-speaking province has failed in its duty! Put Laurier in power, it says, and the west will not be asked to do any more until recruiting in Quebec has attained the same proportion as on the prairies.

What is left out of sight is that if Laurier wins, neither the west nor Quebec nor any place else in Canada will be required to do anything further towards winning the war. Resist compulsion in the west because the voluntary system has not produced satisfactory results in Quebec!

As a reason for putting Laurier in power, this hardly sounds convincing. No matter how far afield the campaign orator or the writer of campaign literature may travel, he gets back always in this contest to the one point. A vote for Borden is a vote for doing whatever is needed to win the war. A vote for Laurier is a vote for doing nothing but talk.

FOOD VALUES SOAR IN CHICAGO

Chicago, Sept. 26.—Sweeping advances took place today in the provisions market, passing previous records. The biggest upturns were in pork and ribs (bacon). January deliveries of pork showed at one time an overnight jump of \$1.67 a barrel. January ribs up \$1. Government buying of such volume that stocks are being sharply reduced was said to have been a factor in causing the soaring of values. Besides, scarcity of hogs has of late been daily apparent at the stockyards here.

ICE CREAM OR BUTTER?
Toronto, Sept. 26.—Whether or not Canadians will continue eating ice cream in season and out of season, may depend upon the investigation being made by food controller Hanna into the charges that the extensive use of cream in the manufacture of ice-cream is responsible for the ever-soaring price of butter. Mr. Hanna issued a statement in regard to the increasing price of fish here, to the effect that extensive purchases of Canadian fish at the seaboard is the cause of this rise.

LATIN AMERICAN ANTI HUN UNION
Buenos Ayres, Sept. 26.—President Irogyen, it is understood,

is attempting to organize concerted action by the Latin-American nations looking to a break with Germany by all the republics of South America. In the meantime he is preparing messages to congress in which he will advocate that there be no actual rupture until the receipt of the translations of the hundreds of telegrams received or sent by the Swedish legation here, copies of which had been telegraphed to Ambassador Naon at Washington for decoding.

Both teams were evenly matched and both sides played a game devoid of rough playing or hard feelings. The game was called at 3.10 and both teams started off with fast playing and for the first five minutes no score was made, neither side being able to hold the ball long enough to make a basket. Six minutes after the game started

A foul was then made by our team giving the other team a free or unguarded throw for the basket, with the result of the Ponoka team scoring again. This made the score 3 to 2 in Ponoka's favor.

An unguarded throw counting only one point. A foul made by the Ponoka team gave our girls a chance to score, but the basket was missed, and Ponoka, ever on the alert, procured the ball and by fast playing scored another basket. Our girls managed to get two more free throws in the basket and Ponoka got one before the whistle blew for half time. The score then stood 6 to 4 in favor of Ponoka.

After a five-minute rest the game was resumed. Ponoka scored the first basket in this half and followed it up by two free

Judicial Sale of Farm Property

Pursuant to Judgment and Final Order for Sale made in a certain action, S.C. 11765, in the Supreme Court of Alberta, Judicial District of Calgary, there will be offered for sale at public auction by S. W. Paisley, Auctioneer, at the Post Office in the Town of Lacombe, Alberta, on Saturday the 20th day of October, 1917, at the hour of 2.30 o'clock in the afternoon, the following lands and premises, namely: The South West quarter of section 2, Township 10, Range 24, West of the 4th Meridian, in the Province of Alberta.

The Plaintiff is informed that the said land comprises 160 acres, that 140 acres have been broken and 80 acres are in crop this season. The soil is a rich black loam with a slight mixture of sand and clay subsoil; that the said property is situated 6 miles from the Village of Tees at which there is a shipping siding, and 9 miles from the Village of Clive at which there is a station, elevator, creamery and market; that there is a school within one mile of the said premises.

The purchaser is at the time of sale to pay down a deposit of 15 per cent of the purchase price to the Plaintiff or its Solicitors, and the remainder of the purchase is to be paid to the Clerk of this Honourable Court at the city of Calgary, as follows: 10 per cent within ninety days of the date of sale, with-out interest, the balance payable in three equal instalments of one, two and three years after date of sale, with interest at 8 per cent per annum from date of sale, or, at the option of the purchaser, the whole may be paid within 60 days after date of sale without interest.

Upon payment of the said deposit of 15 per cent the purchaser shall have immediate possession and upon payment of the whole of the purchase price shall be entitled to a Transfer for Vesting Order. In all other respects the terms and conditions of sale shall be the standing conditions of the Supreme Court of Alberta. For particulars will be made known on date of the sale and can be obtained upon application to the undersigned solicitors.

Dated at Calgary, Alberta, this 14th day of September, 1917.

Lost Opportunity

The Albertan, Alberta's leading Liberal newspaper, has the following to say of the cut-throat tactics of the alleged "Liberal" Convention held at Red Deer last Thursday:

"The Liberals of Red Deer did not do justice to themselves or to their party when they decided yesterday by a very decisive majority to accept the resignation of Dr. Clark, and selected another to contest the riding. They had the greatest opportunity to rise above party that has come or will come to the electors of any riding during the present campaign. They had as their representative a man creditable to the riding and to the nation. He is the most brilliant exponent of Liberalism in all Canada. He rose above partyism to support conscription a democratic measure, and in order to make the nation more formidable in the great undertaking he favored a national administration in which all parties would be represented."

For departing this far from the party leader the Red Deer Liberals accepted without regret his resignation as candidate for the riding. They had a golden opportunity to set an example to the other ridings in Western Canada, and to show that the Liberals of the west could rise above mere partyism.

The Albertan does not believe that the action of the Red Deer Liberals will keep Dr. Clark out

of the next parliament. Canada needs her ablest advisers at this time. It cannot afford to be without the services of the strongest representative in the parliament during the last few years.

There's a Reason

The Toronto Globe, Canada's leading Liberal journal for seventy years, has broken away from Laurier; the Winnipeg Free Press, Manitoba's leading Liberal journal for over forty years, has broken away from Laurier; the Toronto Star, a great Liberal newspaper, has broken away from Laurier; the Lethbridge Herald, one of Alberta's staunchest Liberal newspapers, has broken away from Laurier; The Albertan, Alberta's leading Liberal newspaper, has broken away from Laurier; the Red Deer Advocate, whose editor was president of the Red Deer Federal Constitution Liberal Association, has broken away from Laurier; ninety-nine out of one hundred Liberal papers throughout Canada have broken away from Laurier. Yet ninety electors in the Constituency of Red Deer declare that Canada wants Laurier as Premier of Canada, and attack Dr. Clark for daring to differ with them. It appears that the ninety electors and Frank Oliver, who attended the Red Deer Convention do not want to be represented in parliament by a clear thinking Britisher. They only want a "rubber stamp" to represent them in Ottawa. And these ninety men, and Frank Oliver should remember that in a constituency like the constituency of Red Deer, covering as it does thirty thousand square miles of territory, ninety men cut a very small amount of ice—as it were. Canada is not going to be governed by Quebec any longer.
